

**WACA 56th AGA:  
The 2025 Interline Celebration**

**1–5 October 2025**

**Radisson Blu Resort, St. Julian's, Malta**

**Hosted by**

**WORLD AIRLINES CLUBS ASSOCIATION**

The 56th Annual General Assembly (AGA) of the World Airlines Clubs Association (WACA) will be held from 1–5 October 2025 at the Radisson Blu Resort in St. Julian's, Malta, hosted by WACA.

Malta was chosen for its commitment to the same themes as WACA: sustainability and responsible tourism as well as its history, culture and scenic beauty. Its history is related to a succession of rulers and it is considered to have the most UNESCO heritage locations in terms of its size.

# OUR DESTINATION — MALTA

Small in size yet intriguing in various themes, Malta's history and culture is influenced by many different occupants who lived on the islands throughout the years.

The Maltese islands went through a golden Neolithic period the remains of which include the mysterious temples dedicated to the goddess of fertility. Later on, the Phoenicians, the Carthaginians, the Romans and the Byzantines, all left their traces on the islands.

St. Paul brought Christianity to Malta when he was shipwrecked on the island in 60 A.D.

In 1798, Napoleon Bonaparte took over Malta from the Knights on his way to Egypt. The French presence on the islands were short lived, as the English, who were requested by the Maltese to help them against the French, blockaded the islands in 1800. British rule in Malta lasted until 1964 when Malta became independent. The Maltese adopted the British system of public administration, education and legislation.

Malta became a Republic in 1974, and the foreign military bases on the island closed down permanently in 1979. Malta joined the European Union in May 2004 and the Eurozone in January 2008.

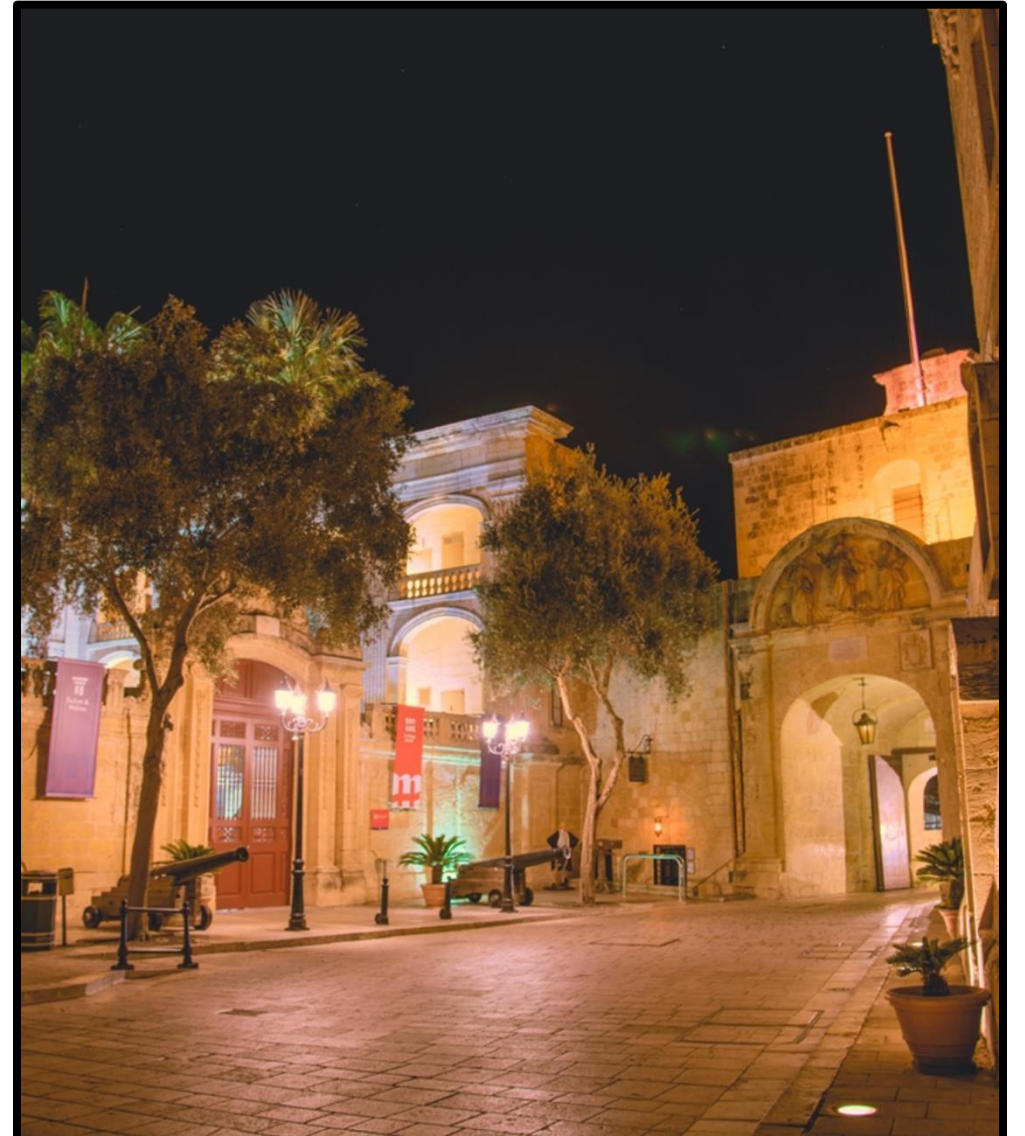

# WHY MALTA

Flights – The Maltese Islands are serviced by an extensive network of international flight connections which are under three hours flying time from major European gateways.

Communications – Maltese and English are the Official languages in Malta. Most locals speak both these languages, while many also speak a third language.

Climate – With almost 300 days of sunshine a year, and mild temperatures throughout autumn and winter, this Mediterranean island offers many possibilities throughout the year.

Diversity – While the Maltese islands are a famous sun and sea destination, they are also rich in history, culture, action and nightlife, creating a unique variety of offerings on such a small island.
